

Final project

32%: a proposal (dataset, goals), a milestone, an oral, and a demo on the exam day, and the actual work. Can't be late.

Exam day: **May 14, 4-6PM, 2026**, in this classroom, bring your laptop and friends.

I don't need a final project. So you are doing this for yourself. I hope this can be a project on your CV.

Communication

Piazza: Use for questions, Slack days, team work, sharing thoughts...
I'll be more active on Mon, Tue, and Wed.

<https://piazza.com/umd/spring2026/cmsc471>

Emails: We **won't** reply to any **course-related** questions via emails

Piazza's interface hasn't changed since I was a student—
proving that some things truly stand the test of time 🙌
