

Two Assignments

13% each: Programming + writing. You can use AI. **Four** Slack days.

You submit a link to your demo and a video.

We aim to finish grading within a week.

So regrading must be requested **within a week** after grades are out.

During assignments

You can use AI to brainstorm, ask AI to generate a small function, or ask AI to help you design the program logic

Creative, thoughtful, and well-documented uses of AI tools in assignments may be eligible for **extra credit**

In your submission, tell us if you think you deserve extra credit, we will consider it.
