

Colorblindness/Color vision deficiency (CVD)

<https://atmos.stylere/blog/color-binding-in-ui-design>

Normal vision

Red-Green Color Blindness

Protanomaly (Red-weak)

Protanopia (Red-blind)

Deuteranomaly (Green-weak)

Deuteranopia (Green-blind)

Blue-Yellow Color Blindness

Tritanomaly

Tritanopia

Total Color Blindness

Achromatomaly

Achromatopsia

When more of one type is absent or does not function properly

Colorblindness/Color vision deficiency (CVD)

When one or more of cone types are absent or do not function properly

Normal vision

Red-Green Color Blindness

Protanomaly (Red-weak)

Protanopia (Red-blind)

Deuteranomaly (Green-weak)

Deuteranopia (Green-blind)

Blue-Yellow Color Blindness

Tritanomaly

Tritanopia

Total Color Blindness

Achromatomaly

Achromatopsia

CVD

Fall Foliage

October in Vermont might as well be spring if you have deuteranopia or protanopia.

Normal

Deuteranope

Protanope

Tritanope
